GDLS SUPPLIER COMPLIANCE REPRESENTATION & CERTIFICATION

I: INSTRUCTIONS

General Dynamics Land Systems (GDLS) must gather and maintain certain registration data from all offerors. GDLS must also gather additional representations and certifications from offerors who do (or want to) provide goods or services in support of a U.S. Government ("USG") contract. This form is designed to efficiently and effectively gather both the required registration information and, when applicable, the additional representations and certifications.

These representations and certifications are incorporated into the Standard Purchase Order, Contract Purchasing Agreement, or Blanket Purchase Agreement ("contract") by and between GDLS and the offeror identified below (the "Seller"). Seller will complete this entire Supplier Compliance Form, including the representations and certifications, except where directions indicate otherwise. Seller's failure to complete the representations and certifications may be cause for rejecting Seller's proposal(s) as non-responsive, resulting in no contract award. Seller agrees to notify GDLS immediately should Seller's circumstances change with respect to these representations and certifications during any resulting contract. The executed representations and certifications shall be updated at least annually during the period that Seller is an approved GDLS Supplier.

Note: Some of the certifications and representations herein are similar to those required by the USG's representations and certifications database, www.SAM.gov). Those representations and certifications may not substitute for completion of the representations and certifications in this form. Additionally, certain other solicitation specific and procurement specific policies and procedures may require additional representations and certifications from Seller beyond those in this document.

GDLS will rely on this executed Representation & Certification when considering Seller for award of a purchase order/subcontract, and will require Seller to certify as to its continued accuracy, or submit an amended certification prior to award. Failure to provide an up-to-date certification prior to award, or as otherwise may be required by GDLS, may result in a default termination of any purchase order/subcontract awarded on the basis of Seller's outdated representations and certifications.

Certification of Seller, or Seller's Authorized Representative: By submitting this information, I am attesting that the information contained in this document is current, accurate, and complete as of the date written below. I understand that 18 U.S.C. § 1001 makes it a crime to knowingly or willfully make false statements in any matter within the jurisdiction of the executive, legislative, or judicial branch of the Government of the United States. On behalf of Seller, I acknowledge that GDLS will rely on the information provided by the Seller in this document in determining whether to issue contracts to Seller and that if any of Seller's representations and certifications herein change during the period of performance of any contract issued by GDLS or while Seller remains an approved GDLS Supplier, Seller agrees to provide immediate written notice to GDLS.
