

**GENERAL PURCHASE ORDER TERMS AND CONDITIONS**  
**84-005-0807 dated 11/02/20**

**1. THE CONTRACT:**

The Contract ("Contract") is defined as the Purchase Order ("PO") issued by General Dynamics Land Systems Incorporated ("Buyer") to Seller and all documents referenced therein, including without limitation: drawings, specifications, instructions, quality assurance requirements, and any other document referenced therein. Buyer may from time to time include new or updated documents or exclude documents to add clarity to the Contract. Seller shall only rely on written instructions given by Buyer's Authorized Procurement Representative. For purposes of these Purchase Order Terms and Conditions, the term "Goods" shall mean any items, software, services and/or technical data ordered by Buyer from the Seller under the Contract.

**2. ACCEPTANCE:**

The acceptance by Seller that forms the Contract shall be deemed conclusively to have occurred upon Seller's acknowledgement and acceptance of the PO, Seller's shipment of any Goods, Seller's performance of any services under the PO, or Seller's commencement of any work on Goods covered by the Contract, whichever occurs first. By acceptance of the PO, Seller agrees to an unqualified acceptance and to comply with all terms and conditions of the Contract. Any terms or conditions that Seller proposes that are in addition to or differ in any way than those contained in these Purchase Order Terms and Conditions shall be void, unless agreed to in writing by Buyer's Authorized Procurement Representative. Seller agrees that Buyer's acceptance of or payment for any Goods or similar act of Buyer shall not be claimed or construed to constitute agreement or consent to any additional or differing terms or conditions proposed by Seller or a waiver of any of these Purchase Order Terms and Conditions.

**3. DELIVERY:**

(a) Contract delivery schedules and quantities are a material condition of this Contract, and Seller's failure to meet Contract delivery schedules or quantities shall be considered a material breach. Any shipments that deviate from the Contract delivery schedule are subject to the Buyer's rejection, and Seller will be responsible for the cost incurred by Buyer to store and/or to ship the Goods. Once Buyer gives notice of the rejection of the Goods, the risk of loss and damage to the Goods is with the Seller. Any acceptance of deliveries late to the Contract delivery schedule will not waive Buyer's rights.

(b) If Seller fails to make delivery in accordance with the Contract delivery schedule, Buyer will have the option of terminating this Contract in accordance with ¶ 19, TERMINATION FOR DEFAULT, or assessing 0.5% of the unit price per day, as liquidated damages and not as a penalty. Any such liquidated damages shall start no sooner than the fifth (5th) day after the Purchase Order Promise Date, and continue until and including the date on which the Product(s) is delivered to Buyer, not to exceed 20% of the unit price. Any liquidated damages assessed to Seller will be debited from Seller's account and may be set off against any other amount owed to Seller by Buyer. For the avoidance of doubt, liquidated damages or termination are the agreed-upon remedies for delay, but are without limitation as to other remedies available to Buyer under the contract at law or equity for other breaches of contract.

(c) In the event of any anticipated or actual delay in meeting the Contract delivery schedule, Seller shall:

- (i) Promptly notify Buyer in writing of the reasons for the delay and the actions being taken to overcome or minimize the delay;
- (ii) Provide Buyer with a written recovery schedule; and
- (iii) If requested by Buyer, ship via air or expedited routing to avoid or minimize delay to the maximum extent possible, unless Seller is excused from prompt performance as provided in ¶ 16, EXCUSABLE DELAYS. Seller will be solely responsible for paying the difference between the method of shipping specified and the actual air or expedited rate incurred.

(d) Any information provided by Seller regarding any anticipated or actual delay in meeting the Contract delivery schedule is informational only and shall not be construed as a waiver by Buyer of any of Buyer's rights or remedies provided by law or the Contract.

(e) Goods fabricated in excess or in advance of Buyer's Blanket release are at Seller's risk unless otherwise authorized in writing by Buyer. Buyer reserves the right, without loss of discount privileges, to pay invoices covering Goods shipped in advance of the schedule of the normal maturity after the date specified for delivery.

#### **4. CONTRACT FLOWDOWN**

Seller must flow down to any sub-tier suppliers: all applicable Quality Clauses, these Purchase Order Terms & Conditions, Contract Flowdowns (P.O. Terms & Conditions, Government Contracts Covered by Federal Acquisition Regulation 84-005-0808), and if required, any key characteristics of drawings and Technical Data Package ("TDP").

#### **5. PACKAGING AND SHIPPING:**

Packaging and shipment of Goods shall ensure safe arrival of the Goods at the destination specified in the Contract, secure lowest transportation cost, and conform to requirements of common carriers and Government Packaging Instructions ASTM-D3951 current at the effective date of the Contract. Furthermore, unless otherwise expressed in the PO or in related drawings or specifications, packaging, shipping and identification shall be in accordance with and comply with Buyer's minimum specifications set forth on specification GDLS-PIR-01 (Attachment F) current at the time of shipment. Attachment F and complete routing instructions can be found at General Dynamics Land Systems website <http://www.gdls.com/suppliers/transportation-trade-compliance.html>. Shipments by Seller or its subcontractors shall include packing slips containing Buyer's PO number, PO line item number, Part Number, description and quantity of Goods shipped, and if applicable, appropriate evidence of inspections. When the Contract requires Goods to be shipped FCA-Seller's Dock (Incoterms 2010), the Seller shall not insure and not declare a value except when transportation rates are based on "released value", in which instance the Seller shall annotate on the bill of lading the lowest released value provided in applicable tariffs.

#### **6. INSPECTION:**

(a) Buyer and Buyer's customer shall have the right to inspect and test any Goods supplied under the Contract at any reasonable time during the manufacture or fabrication thereof at Seller's facilities or elsewhere. Such inspection may include, without limitation, raw materials, components, work in process, and completed products as well as drawings, specifications, and released data. Final inspection and acceptance shall be after delivery to the delivery point designated by Buyer. If any inspection or test is made by Buyer at Seller's facility or elsewhere, Seller shall provide reasonable facilities and assistance for the inspection personnel. Buyer may reject all Goods supplied under the Contract that are found to be defective and may return the Goods to Seller at Seller's expense. Under no circumstances will any inspection, examination, or test, or any approval given in connection with any such inspection, examination, or test, whether by Buyer or Buyer's customer and whether under the Contract or another contract for the same or similar goods, relieve Seller of any obligation to comply fully with all requirements of the Contract, including the obligation to deliver Goods that conform to all requirements of the drawings, specifications, and other Contract documents. At Buyer's request, Seller shall repair or replace defective Goods at Seller's expense. Failure to inspect goods, failure to discover defects in Goods, or payment for Goods shall not constitute acceptance or limit any of Buyer's rights or remedies, including, without limitation, those under ¶ 9, WARRANTY. In the event inspection reveals any defect and schedule urgency requires that the defect be corrected by Buyer, all cost of such correction, including, without limitation, installation and removal, will be charged to Seller. Such charges will also include time and material and appropriate indirect and overhead expenses incurred by Buyer.

(b) Seller shall maintain an inspection system acceptable to Buyer covering the Goods furnished under the Contract. Seller shall permit Buyer to review procedures, practices, processes, and related documents to determine such acceptability. Seller shall keep records evidencing inspections and their results and shall make these records available to Buyer and Buyer's customer, where applicable, during Contract performance and for seven years after final payment.

(c) Inspection Delegation Stamp: Seller agrees to participate in the Buyer's Inspection Delegation program and to make the necessary commitments to achieve and maintain an acceptable quality acceptance rating. If Seller maintains an acceptable quality rating, Buyer may issue inspection delegation stamps to Sellers of Goods to be used by Buyer for production. In accordance with PQA-3000 and after part approval is received from Buyer, Sellers inspection delegate may use the delegation inspection stamp, if and when issued by Buyer, to approve shipments that meet all PO and TDP

requirements before shipment of Goods to Buyer. Details regarding the Inspection Delegation program, including PQA-3000, can be found at <http://www.gdls.com/suppliers/quality.html>. Buyer may elect to recall inspection delegation stamps at any time.

**7. SELLER'S NOTICE OF DISCREPANCIES:**

Seller shall immediately notify Buyer in writing when there are discrepancies in Seller's processes relating to the Goods, including but not limited to production, inspection or quality processes, or when defects or nonconformity in Goods are suspected or discovered, regardless of whether the Goods have been or will be delivered under the Contract.

**8. PRICES, TAXES, & PAYMENT:**

**(a) Prices:** Seller warrants that prices charged for the Goods are not higher than those charged to any other customer, including the Government, for goods of like grade and quality in similar or lesser quantities. Unless otherwise specified, prices are FCA (Incoterms 2010) the place shown on the face of the PO, and are exclusive of state sales and use taxes. No charge will be allowed for packing, crating, drayage, or storage.

**(b) Taxes:** Buyer holds a direct pay permit for sales and use tax in the following states: Alabama (Permit #725), Florida (Permit # TPP-1018), Michigan (Permit #54-0582680), Ohio (Permit #98-002244), and Pennsylvania (Permit #00174). No such taxes shall be included in Seller's quotation or invoice, unless exemption is not accorded by state law. Additionally, Buyer is authorized to provide a Resale Certificate on purchases of tangible personal property intended for resale in the following states: Florida (Certificate #47-8013872895-2) and South Carolina (License #008234378). Except for the foregoing, the Contract price includes all other applicable taxes and no price adjustments may be claimed by Seller therefore.

**(c) Payments:**

(i) Goods- For Goods delivered to and accepted by Buyer, an invoice will be automatically generated upon receipt of Goods into Buyers Oracle ERP system at the GDLS Ship To location.

(ii) Services- Seller shall be paid upon submission of properly prepared invoices in accordance with Buyer's invoicing instructions for Services accepted by Buyer. Seller must invoice each line item exactly as shown on the PO to ensure prompt payment. The invoice must show: Seller's name, Seller's address, date of invoice, PO number, PO line item number, and price.

Buyer reserves the right to make any adjustments in Seller's invoice due to shortages, rejection of Goods, or other failure of Seller to comply with the provisions of the Contract. Payment adjustments may be made by Buyer under any other order or contract between Buyer and Seller. No charges or changes will be honored unless specified on the face of the PO. If transportation or travel is payable as a separate item on the Contract, invoices must be accompanied by transportation or travel receipt. Payment shall be deemed to have been made on the date Buyer's check is mailed or payment is otherwise tendered. In the situation of an overpayment, Seller shall promptly repay to Buyer any amounts paid in excess of amounts due to Seller under the Contract.

**9. WARRANTY:**

Seller warrants that Goods ordered to specifications will conform to the Contract, including all specifications and drawings, and will be fit and sufficient for the purpose intended, and that all Goods are merchantable, of good material and workmanship, and free from defect. Such warranties, together with Seller's service warranties and guarantees, if any, shall survive inspection, test, acceptance of, and payment for the Goods and shall run to Buyer, its successors, assigns, customers at any tier, and ultimate end user and joint users. Notices of any defects or nonconformity shall be given by the Buyer to the Seller within fifteen (15) months after acceptance by the ultimate end user. Buyer's rights and remedies concerning latent defects shall exist indefinitely and shall not be affected in any way by any terms and conditions of this Contract, including this ¶ 9.

**10. REMEDIES:**

In addition to any other remedies established in this Contract or under applicable law, if the Goods or any part or portion thereof, in Buyer's judgment, fail to pass inspection, fail to meet warranty, or fail to conform to the requirements of the Contract, including with respect to timeliness of delivery (each such failure a "Non-Conformance" and each such Good

a “Non-Conforming Good”), Buyer may do any or all of the following:

(a) Reject or return Non-Conforming Goods. As to returned Non-Conforming Goods (and as to rejected Non-Conforming Goods, but only if Buyer so directs), Seller shall promptly, at its expense, and at Buyer’s election, repair or replace such Non-Conforming Goods. Seller shall be responsible for Buyer’s cost of removal and reinstallation of such Non-Conforming Goods and for all costs and expenses (including without limitation labor costs and third party inspection costs) incurred by Buyer in connection with the inspection and discovery of such Non-Conforming Goods, identifying and correcting the cause of any Non-Conformance, and all other activities reasonably undertaken by Buyer to obtain conforming Goods or attempting to obtain from the ultimate end user a waiver to permit the Non-Conforming Goods to be used. In addition, Seller acknowledges that the delivery of Non-Conforming Goods is very disruptive to Buyer’s production processes, planning and scheduling, workflow, and resource allocation, among other things. Seller acknowledges that these disruptions impose substantial additional harms on Buyer and that the costs flowing from those harms are inherently difficult to quantify. Accordingly, in addition to recovering the costs identified above, for each Non-Conforming Good, Buyer shall have the right to assess as liquidated damages, and not as a penalty, 5% of the unit price for each Non-Conforming Good or \$1,000, whichever is less.

(b) Upon rejection of Non-Conforming Goods or Seller’s failure to promptly repair or replace such Non-Conforming Goods, Buyer may cancel this Contract and/or purchase goods or services in substitution for those due from Seller and recover from Seller the difference between the cost of cover and the Contract price together with any incidental or consequential damages, notwithstanding anything to the contrary in this Contract.

(c) Goods rejected may, at Buyer’s election, be returned to Seller at Seller’s expense. If notice of rejection or return is given by Buyer to Seller, incidental expenses and the risk of loss or damage to such rejected or returned Goods shall be borne by Seller. In addition, Buyer may charge Seller all costs and expenses of unpacking, examining, repacking, and reshipping such Goods. Buyer reserves the right to require repayment, or effect a setoff against any amounts owed to Seller (irrespective of whether such amounts owed are in connection with this Contract or not), of any expenses incurred by Buyer resulting from rejection or return.

(d) Accept or retain Non-Conforming Goods and, at Buyer’s election, either equitably reduce the purchase price of those Goods or repair them at Seller’s expense.

**11. BUYER’S ASSISTANCE AND COOPERATION:**

(a) During Seller’s performance of this Contract, Buyer may, but has no obligation to, provide assistance to, or cooperate with, Seller in activities that facilitate the proper performance and completion of this Contract by Seller. Such assistance and cooperation may include without limitation: (i) providing engineering or other analysis or advice on correcting manufacturing deficiencies or other problems; (ii) acquiescing in a change of manufacturing facilities or location; (iii) refraining from strict enforcement of time schedule requirements under the Contract; (iv) permitting use of test materials or documentation not performed or produced under this Contract; or (v) engaging with or providing assistance to Seller’s subcontractors.

(b) Such assistance or cooperation by Buyer shall not be construed, and Seller agrees that it will not claim that any such assistance or cooperation operates, to relieve Seller from complete, proper and punctual performance of all of Seller’s obligations under this Contract. Under no circumstances will Buyer be liable to Seller for any damages arising out of Buyer’s assistance or cooperation.

**12. BUYER’S PROPERTY:**

(a) Any materials, drawings, tools, jigs, dies, fixtures, or any other property supplied or paid for by the Buyer will remain the property of Buyer and must be returned to Buyer upon Buyer’s request.

(b) Seller shall not use any such Buyer’s property except for performance of work under the Contract or as authorized in writing by Buyer’s Authorized Procurement Representative.

(c) All such Buyers’ property while in Seller’s possession or control shall be kept in good condition, shall be held at Seller’s risk, and shall be kept insured by Seller, at Seller’s expense, in an amount equal to the replacement cost with loss payable to Buyer. If Buyer’s property has been damaged, stolen, destroyed, or is malfunctioning, Seller shall notify Buyer in writing within two (2) business days once discovered or known.

- (d) Seller must clearly mark Buyer's property, maintain inventory, and keep the property segregated.
- (e) Any scrap generated from or by Buyer furnished property shall be segregated from Seller's property and placed in a separate area or container. Before removal of the container or its contents, Seller shall request directions from Buyer's By-Products Department. Seller will prepare shipping documents denoting date, contents, weight, and recipient of the scrap material. Shipping documents shall be sent directly to Buyer's By-Products Department. Under no circumstances shall scrap material be removed from Seller's premise without Buyers By-Products Department approval.

**13. SPECIAL TOOLING/SPECIAL TEST EQUIPMENT:**

- (a) Special Tooling ("ST") means jigs, dies, fixtures, molds, patterns, taps, gauges, other equipment and manufacturing aids, all components of these items, and replacements of these items that are of such a specialized nature that without substantial modification or alteration their use is limited to the development or production of particular supplies or parts thereof or performing particular services.
- (b) Special Test Equipment ("STE") means either single or multipurpose integrated test units engineered, designed, fabricated, or modified to accomplish special purpose testing in performing a contract. STE consists of items or assemblies of equipment, including standard or general purpose items, or components that are interconnected and interdependent so as to become a new functional entity for special testing purposes.
- (c) Title to ST/STE acquired by Seller under this Contract will vest in Buyer or the Government, as applicable, upon payment by Buyer. Seller will maintain such ST/STE in a serviceable condition and will preserve and administer it for the exclusive use of Buyer, except that Seller may use such ST/STE on a rent-free, non-interference basis in the performance of Government contracts with Buyer's prior written consent. If the ST/STE is attached to or made part of any other equipment or facility, Seller will be responsible for its removal and delivery in serviceable condition to Buyer upon written notification from Buyer.
- (d) Payment for ST/STE assumes that parts made therefrom will be acceptable dimensionally and functionally, and Buyer reserves the right to withhold payment until samples from such ST/STE are fully approved by Buyer. All parts made from such ST/STE are subject to and covered by ¶ 6, INSPECTION and ¶ 9, WARRANTY.

**14. CHANGES:**

- (a) Buyer may at any time, by written notice to Seller, make changes under this Contract, including without limitation changes to quantity, schedule and/or specifications. If such change increases or decreases the cost or time required to perform this Contract, the parties shall negotiate an equitable adjustment in the price or schedule, or both, to reflect the increase or decrease.
- (b) Seller shall assert any claim for adjustment to Buyer's Authorized Procurement Representative in writing within twenty (20) calendar days of receiving direction of a change from the Buyer and shall deliver a fully supported proposal to Buyer's Authorized Procurement Representative within sixty (60) calendar days after Seller's receipt of such direction.
- (c) Based on the Seller's claim, Buyer reserves the right to:
- (i) Accept Seller's claim and amend the PO accordingly;
  - (ii) Dispose of obsolete or excess property as a result of the change; and/or
  - (iii) Request the appropriate Government agency to perform an assist audit, in which event Seller shall provide current, complete, and accurate accounting records properly documenting the cost changes within ten (10) calendar days of a request by Buyer or the appropriate Government agency and include a copy for Buyer.
- (d) For any claim \$100,000 or greater, Seller shall be required to submit a signed certificate that states as follows:

*I certify that the claim is made in good faith that the supporting data are current, accurate, and complete to the best of my knowledge and belief, that the amount requested accurately reflects the Contract adjustment for which {Seller} believes Buyer is liable, and that I am duly authorized to certify the claim on behalf of {Seller}.*

(e) Seller must perform in accordance with Buyer's direction pending the submission and resolution of any claim for adjustment. Under no circumstances shall a failure of the parties to agree upon any adjustment excuse the Seller from performing in accordance with Buyer's direction.

**15. STOP WORK ORDER:**

Buyer may at any time, by written notice to Seller, require Seller to stop all or any part of the work called for by this Contract for a period of up to ninety (90) business days after the notice is delivered to Seller ("Stop Work Order"). Upon receipt of the Stop Work Order, Seller shall immediately comply and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the Stop Work Order during the period of work stoppage. Within a period of ninety (90) business days after a Stop Work Order is delivered to Seller, or within any extension of that period to which the parties have agreed, Buyer shall either cancel the Stop Work Order, or terminate the work covered by the Contract as provided in ¶ 19, TERMINATION FOR DEFAULT or ¶ 20, TERMINATION FOR CONVENIENCE, whichever may be deemed appropriate in Buyer's sole discretion. Seller shall resume work immediately upon cancellation or expiration of any Stop Work Order. If Seller delivers to Buyer a request for equitable adjustment to the Contract's delivery schedule or price (or both) within the period set forth in ¶ 14, CHANGES, Buyer may agree to an adjustment if the Stop Work Order has resulted in an increase in the time required for the performance of the PO or in Seller's costs properly allocable to the PO. The amount of any adjustment in the Contract price shall be determined as provided in ¶ 14, CHANGES.

**16. EXCUSABLE DELAYS:**

FAR 52.249-14, Excusable Delays, is incorporated into this Contract by reference with the following terms substituted: "Contractor" means Seller; "Government" and "Contracting Officer" mean Buyer; and "Subcontractor" shall mean Seller's subcontractor.

**17. NOTICE TO BUYER OF LABOR DISPUTES:**

Whenever Seller has knowledge that any actual or potential labor dispute is delaying or threatens to delay the timely performance of this Contract, Seller shall immediately give notice, including all relevant information, to Buyer.

**18. CONTRACT CANCELLATION:**

By written notice and without a cure period, Buyer may cancel the whole Contract, or any part of this Contract, in the event of the suspension of Seller's business, insolvency of Seller, institution of bankruptcy, liquidation proceedings by or against Seller, appointment of a trustee or receiver for Seller's property or business, any assignment, reorganization, or arrangement by Seller for the benefit of creditors, or the debarment or suspension of Seller by any Government agency. Buyer's remedies in the event of a cancellation of the Contract pursuant to this ¶ 18 shall be the same as set forth in ¶ 19, TERMINATION FOR DEFAULT.

**19. TERMINATION FOR DEFAULT:**

(a) Buyer may, by written notice to Seller, terminate all or any part of this Contract for default if Seller fails to: (i) make full delivery of the Goods or perform this Contract within the time specified in the Contract; (ii) deliver Goods that conform in all respects with the specifications and quality requirements set forth in the Contract; (iii) perform any of its other obligations set forth in the Contract; or (iv) take any action or inaction that endangers performance of this Contract and fail to cure such situation within a period of ten (10) calendar days after receipt of notice from Buyer. If only part of the Contract is terminated, Seller is not excused from performance of the non-terminated part of the Contract.

(b) In the event Buyer terminates this Contract in whole or in part as provided in subparagraph (a) above, Buyer may procure, upon such terms and in such manner as Buyer may deem appropriate, Goods similar to those so terminated, and Seller shall be liable to Buyer for any excess costs for the same, including without limitation all costs and expenses of the type specified ¶ 9, WARRANTY.

(c) Buyer, in addition to any other rights and remedies provided by applicable law or under this Contract, may require Seller to transfer title and deliver to Buyer or to Buyer's customer, in the manner and to the extent directed by Buyer for: (i) any completed Goods; (ii) any partially completed Goods or work in progress; and (iii) any materials, parts, tools, dies, jigs, fixtures, plans, drawings, information, and contract rights (hereinafter called "Manufacturing Materials") as Seller

has specifically produced or specifically acquired for the performance of such part of this Contract as has been terminated.

(d) Seller shall, upon direction of Buyer and at Seller's own cost, mark, separate, protect, and preserve property in Seller's possession in which Buyer or the Buyer's customer has an interest.

(e) Payment for completed Goods delivered to and accepted by Buyer pursuant to subparagraph (c) above shall be at the Contract price. Payment for partially completed Goods, work in progress, or Manufacturing Materials delivered to and accepted by Buyer pursuant to subparagraph (c) above shall be in an amount agreed to by Buyer and Seller, and failure to agree to such amount shall be a dispute concerning a question of fact within the meaning ¶ 30, DISPUTE RESOLUTION. Seller must transfer title and deliver partially completed Goods, work in progress, or Manufacturing Materials in accordance with Buyer's direction even if the parties have not yet agreed on terms of Payment. Under no circumstances shall a failure of the parties to agree upon payment terms excuse the Seller from performing in accordance with Buyer's direction. Buyer may withhold from amounts otherwise due to Seller, such sum as Buyer reasonably determines to be necessary to protect Buyer or Buyer's customer against loss due to or resulting from outstanding liens or claims of former lien holders or for damages otherwise caused by Seller's failure to perform its obligations under this Contract.

(f) If, after notice of termination of this Contract under the provisions of this ¶ 19, it is determined for any reason that Seller was not in default under the provisions above, or that the default was excusable under ¶ 16, EXCUSABLE DELAYS, the rights and obligations of the parties shall be the same as if the notice of termination had been issued pursuant to ¶ 20, TERMINATION FOR CONVENIENCE.

(g) The rights and remedies of Buyer provided in this ¶ 19 shall not be exclusive and are in addition to any other rights and remedies provided by applicable law or under this Contract. For the avoidance of doubt, nothing in this ¶ 19 shall limit in any way Buyer's rights under subparagraph (b) of ¶ 3, DELIVERY.

(h) If Buyer notifies Seller in writing that the termination of this Contract pursuant to this ¶ 19 was directed by the U.S. Government or that Buyer's prime contract with the U.S. Government has been terminated, termination of this Contract will be in accordance with applicable provisions of Part 49 of the Federal Acquisition Regulation ("FAR"), including Subpart 49.4, which shall be incorporated herein by reference.

## **20. TERMINATION FOR CONVENIENCE:**

(a) Buyer may, by written notice to Seller, terminate all or any part of this Contract for convenience and without cause. If only part of the Contract is terminated, Seller is not excused from performance of the non-terminated part of the Contract.

(b) In the event of a termination for convenience by Buyer, Seller shall be paid an amount, to be mutually agreed upon, which shall be adequate to cover the actual reasonable cost paid by Seller for the actual labor and material reasonably used by Seller to perform the work under this Contract up to the effective date of termination, plus a reasonable profit. Buyer will not pay for anticipatory profits related to work under this Contract not yet performed or costs incurred due to Seller's failure to terminate work as ordered as of the effective date of termination. Under no circumstances will the total amount paid under the provisions of this paragraph exceed the prices set forth in this Contract for the work terminated.

(c) Buyer, in addition to any other rights and remedies provided by applicable law or under this Contract, may require Seller to transfer title and deliver to Buyer or to Buyer's customer, in the manner and to the extent directed by Buyer for: (i) any completed Goods; (ii) any partially completed Goods or work in progress; and (iii) any Manufacturing Materials as Seller has specifically produced or specifically acquired for the performance of such part of this Contract as has been terminated.

(d) Seller shall, upon direction of Buyer, mark, separate, protect, and preserve property in Seller's possession in which Buyer or the Buyer's customer has an interest.

(e) Payment for completed Goods delivered to and accepted by Buyer pursuant to subparagraph (c) above shall be at the Contract price. Payment for partially completed Goods, for Manufacturing Materials or work in progress delivered to and accepted by Buyer pursuant to subparagraph (c) above, or for the protection and preservation of property in Seller's possession pursuant to subparagraph (d) above, shall be in an amount agreed to by Buyer and Seller, and failure to agree to such amount shall be a dispute concerning a question of fact within the meaning ¶ 30, DISPUTE RESOLUTION. Seller must transfer title and deliver partially completed Goods, work in progress, or Manufacturing

Materials in accordance with Buyer's direction even if the parties have not yet agreed on terms of Payment. Under no circumstances shall a failure of the parties to agree upon payment terms excuse the Seller from performing in accordance with Buyer's direction.

(f) If Buyer notifies Seller in writing that the termination of this Contract pursuant to this ¶ 20 was directed by the U.S. Government or that Buyer's prime contract with the U.S. Government has been terminated for convenience, termination will be in accordance with applicable provisions of Part 49 of the FAR, including Subparts 49.2 and 49.3 as applicable.

**21. DATA:**

(a) All drawings, models, and specifications furnished or paid for by Buyer shall be:

- (i) The property of Buyer;
- (ii) Subject to removal by Buyer at any time without additional cost;
- (iii) Used only by Seller in filling orders from Buyer; and
- (iv) Identified and marked as the property of Buyer.

(b) Any information contained in reports, drawings, documents, or other records which are furnished to Seller by Buyer relative to this Contract shall not be disclosed by Seller to any third party, except to Seller's subcontractors as necessary for completion of this Contract who shall have the same non-disclosure responsibility. In the event Buyer requests return of any data, including without limitation, drawings and specifications, Seller shall return all data within thirty (30) calendar days of such request. Any data furnished or paid for by Buyer that is retained by Seller shall remain subject to the foregoing restrictions on use, reproduction, and disclosure. Upon termination of this Contract for any reason: (i) Seller shall, at Buyer's option, destroy or return to Buyer all data, including without limitation, drawings and specifications, furnished to Seller by Buyer relative to this Contract; and (ii) Buyer may use, on a non-exclusive basis, all drawings, documents or other records created by Seller in relation to this Contract without further compensation to Seller.

**22. COMPLIANCE WITH U.S. EXPORT CONTROL LAWS:**

- (a) Seller shall comply with all applicable laws and regulations regarding export-controlled items and technology, including but not limited to the International Traffic in Arms Regulations and the Export Administration Regulations. For any Seller providing a non-Buyer designed part, component, accessory, attachment or software to Buyer, the Seller shall provide a completed Supplier Commodity Classification Worksheet (SCM 075) for each individual item. The Seller's technically qualified representative shall complete, sign and submit the worksheet to [exportcontrolreform@gdls.com](mailto:exportcontrolreform@gdls.com). The worksheet may be found at <http://www.gdls.com/index.php/suppliers/transportationtrade-compliance.html>.
- (b) Seller shall indemnify Buyer for all liabilities, losses, penalties, damages, costs, or expenses that may be imposed on or incurred by Buyer in connection with any violations of export or import laws and regulations by Seller or by Seller's officers, employees, agents, or subcontractors.

**23. PATENTS AND COPYRIGHTS:**

Seller agrees to defend, indemnify, and hold harmless Buyer, its customers and its agents against any liability, including without limitation costs, expenses and attorney's fees, for or by reason of any actual or alleged infringement of any patent or copyright arising out of the manufacture, use, sale, delivery or disposal of Goods furnished under this Contract, except to the extent attributable to Seller's compliance with specific written instructions issued by Buyer's Authorized Procurement Representative. The provisions of this ¶ 23 shall apply to each notice or claim of patent or copyright infringement relating to the performance of this Contract of which Seller has knowledge, regardless of whether or not Buyer has given Seller notice of such claim.

**24. WORK ON BUYER'S DESIGNATED PREMISES:**

In the event that Seller or Seller's employees, agents or subcontractors enter Buyer's premises for any reason in connection with this Contract, Seller and such other parties shall observe all military security requirements including citizenship/immigrant status, all plant safety, plant protection, and traffic regulations. Seller shall defend, indemnify, and hold Buyer harmless from all claims, actions, demands, loss, and causes of action, arising from injury, including death, to any person, or damage to any property, when such injury or damage results in whole or in part from the

acts or omissions of Seller, Seller's employees, agents, or subcontractors, except when such damage, injury or death is caused by the gross negligence of Buyer.

**25. INSURANCE:**

Seller and any subcontractor or agent used by Seller in connection with this Contract shall carry:

- (a) Workmen's Compensation and Employees' Liability Insurance to cover Seller's and subcontractor(s)' legal liability on account of accidents to their employees.
- (b) Comprehensive General Liability and adequate Comprehensive Automobile Liability Insurance covering accidents to their employees.
- (c) Comprehensive General Liability and adequate Comprehensive Automobile Liability Insurance covering legal liability of Seller and the subcontractor(s) on account of accidents arising out of the operations of Seller or the subcontractor(s) and resulting in bodily injury, including death, being sustained by any person or persons, or in any damage to property.

At Buyer's request, Seller shall furnish to Buyer certificates from Seller's insurers showing such coverage in effect and agreeing to give Buyer ten (10) business days' prior written notice of cancellation of the coverage.

**26. ASSIGNMENT, CHANGE IN CONTROL AND SUBCONTRACTING:**

- (b) Seller shall not:
  - (i) Transfer or assign this Contract or any rights of this Contract, in whole or part;

However, Seller shall have no obligation to defend a Claim or pay any Losses to the extent such Infringement Claim results from, arises out of or is caused by: (i) the use of item other than as permitted by this Contract; or (ii) the use of any item furnished in combination with other products where the infringement would not have occurred but for such combined use.

(b) Seller shall furnish military standard hardware to the drawing revision level contained in the technical data package(s) issued to Seller for performing the Contract. If no revision level is specified, parts must be supplied to the latest revision level established by government agencies as of the date of this Contract.
